Attachments: PublicRecRequest-2017-234.pdf

Good afternoon Melissa,

We here in the Building Department nor do I believe any other department within the Village have nor would be responsible for identifying the location of any gas lines as they are a separate utility. The requestor referenced LP gas lines, what he means is Natural Gas lines as they are the type of buried gas utilities. LP gas is the type stored in tanks at any given site and delivered via a truck.

Florida City Gas is the company that provides natural gas in our area, their website is
https://www.floridacitygas.com/residential
or one of the numbers I find for them is **800.993.7546**

Regards,
Wes

Subject: Public Records Request - 2017-234 (Hernandez)

Good Afternoon,

In accordance with the Public Records Request Policy, please confirm if the records exist for the attached request.

If the record exists, please provide the Manager's office with the corresponding documents. If producing the response to this request is extensive (15 minutes or more), please provide a cost estimate prior to producing the response.

Thank you,
