Fact Sheet

PUBLIC WORKS AND WASTE MANAGEMENT DEPARTMENT PROJECT
No. 20110090 W.O. 1
PTP PROJECT
LOCATION: SW 97TH AVENUE FROM SW 184TH STREET TO SOUTH DIXIE HIGHWAY

Project Description:

The scope of work for the sidewalk improvements project within the above described limits consists of, but is not limited to removal and replacement of damaged existing concrete sidewalk, construction of new concrete sidewalk, replacement of asphalt path with new concrete sidewalk, modification of existing or construction of new pedestrian access ramps or connectors at intersections to comply with current Americans with Disabilities Act (ADA) standards, construction of curb & gutter, construction of connectors & landings at bus stops, and modification / restoration of driveways. The work may be restricted to certain portions of the site (e.g., blocks with a bus stop), and may not include all needed sidewalk improvements within the site. Any improvements not completed will be scheduled when additional funding is available. Additionally, work may require removal of trees, landscaping, or other objects within the public right-of-way that conflict with the work.

Construction Schedule:

Construction is anticipated to begin on February 13, 2012 and should be completed on May 11, 2012.
*The Construction Schedule above is weather permitting.

Methodology and Efforts:

All efforts are being made to minimize the impact from the construction activities to the residents of the area. The area will be restored to its original condition immediately upon the completion of the construction activities.
