Importance: High

Good afternoon,

Happy New Year! I am with the Center for Urban Transportation Research (CUTR) at USF in Tampa. We are currently assisting FDOT District 6 with some data compilation regarding revenue miles of service for bus services in D6. We already have data from Miami-Dade Transit and Key West Transit, but have recently received your name as a contact for other shuttle/trolley operations in D6 (in the attached list). We received this list from Jonathan Knight at South Florida Commuter Services. District 6 is specifically looking for revenue miles of service for the years 2008 through 2017 (or even 2018 at this point?). Are you able to provide that data for your shuttle/trolley operations, or can you refer me to someone who can?

Thank you!
Victoria Perk

Good morning Yani,

From the email it seems that they are requesting **revenue mile data**. We provide our IBUS Service free of charge, therefore, we do not collect any "revenue".

Please advise.

Thank you.

Respectfully,

Dio
