Address	6940 SW 142 TERRACE
Preferred Delivery Method	Electronic (via email- email address required)
Are you a member of the media?	No
Public Record Request(s):	On August 12, 2020 I made a public records request as follows and am requesting the list again : I am requesting the email list used by Councilman David Singer in sending the email communication "David Singer Speaks" on August 7, 2020 signed as Councilman David Singer. This communication is sent via Constant Contact and therefore will be exported to an Excell spreadsheet. While it may have been sent by a consultant it is still a public record. There should be no alterations to the list, deletions, or alterations or distortions that change the accuracy or readability of the true export such as spacing, removal of letters or characters, deletions of addresses, or any other change to this public record. Please forward the list in an email. Minimal cost should be involved as the export is a function of the program used. Please let me know of any cost. If not able to forward by email I will provide a

new unused memory stick to copy the list.Please let me know when it is available.

That request was the 2nd request for this information. The information I received was not as requested. The email specified was sent using the Constant Email Service. This service and others similar to it provide for the export of the list used in an excel spreadsheet format. I did not receive it in the spreadsheet as requested. The list was altered to include spaces within the emails and removal of the spreadsheet format. Other alterations may have also been accomplished on the original list.

Since the request is for the list used to email the specified dated letter it is also important to note that the Constant Contact program automatically edits the list for unsubcribes and requests to be added to the list. I was informed that the response (which was similarly altered) to my last request of months ago was just sent again as the response.

The response to my request should be the currently used list that is the unaltered public record of the excel spreadsheet requested on August 12, 2020. The list which is a public record should not be altered as was specified in the original request: " There should be no alterations to the list,deletions, or alterations or distortions that change the accuracy or readability of the true export such as spacing, removal of letters or characters, deletions of addresses, or any other change to this public record. The copy I received included spaces inserted in the email addresses which common sense tells you do not exist in the original email addresses and were purposely inserted.

This is my second public record request in August and 3rd in 2020 for the same information asking that the response to this request not be altered.

Please let me know when the response will be ready and if there is any cost associated with the export to a document and forward to me in email format.

Thank you.

Thank You

Please note that there may be a fee associated with your request depending on the extent of the information being requested. If so, the Office of the Village Clerk will contact you about any associated fees. If you have any further questions, please email Village Clerk Arocha at marocha@palmettobay-fl.gov
