CAUTION: EXTERNAL SENDER -- Please avoid opening any unexpected attachments or clicking any strange links.

Good morning Mrs. Arocha,

The City is in the process of comparing the rates of engineering consulting services throughout the county in order to determine what is the proper rate or average rate charged by firms to municipalities. We are kindly requesting you to provide the most current Engineering consulting services contract that the Village has with its Engineering Firm. You can only send us the firms fee schedule which is what we are looking for. Thank you in advance for your help. Have a great week!

Thank you,

Juan C. Rivera
