

10 Ways to Promote Sustainability at School

Here are 10 simple things you can do

- 1. Recycle all cans, bottles and paper**
- 2. Carpool, walk, bike or use public transportation**
- 3. Turn off all lights, computers, and other electronic devices when not in use**
- 4. Don't litter, anywhere**
- 5. Respect the work other's do to make your campus beautiful**
- 6. Bring your lunch in a reusable bag or container**
- 7. Use both sides of the paper**
- 8. Buy organic foods and support the salad bars in your cafeteria**
- 9. Question any habits that harm your health and or the environment**
- 10. Get involve in your community**

A Sustainable Palmetto Bay utilizes the power of the community to conserve and enhance our local resources, safeguard human health and the environment, maintain a vibrant and diverse economy, and improve the livability and quality of the life for all constituents of Palmetto Bay.
