Subject: Monument Bid prices

Acolite Claude's price is in the "window" where we expected a quality sign company's price to be. They are a quality company, close to Palmetto Bay and as long as they have met all of the Village's requirements, we recommend them to fabricate your signs.

SECTION 9

CONTRACT BETWEEN OWNER AND CONTRACTOR

THIS CONTRACT is dated as of the _____ day of _____ in the year 2009 (which shall be the Effective date of the Contract) by and between the Village of Palmetto Bay hereinafter called "OWNER" or "VILLAGE" and _____ hereinafter called "CONTRACTOR".

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

Article 1. WORK. CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Provide labor and equipment required to construct four (4) Entry Features within the Village of Palmetto Bay. Work shall include the construction of a decorative sign wall complete with detailed lettering. Utilization of these services will require close coordination with the Village and Engineer.

The four (4) Village Entrance Monuments will be located on US-1 and SW 183 Street, US-1 and SW 138 Street, Old Cutler Road and SW 136 Street, and Old Cutler Road and SW 183 Terrace.

The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

**VILLAGE OF PALMETTO BAY
VILLAGE ENTRANCE MONUMENTS
(THE "PROJECT")**

Article 2. ENGINEER. The Project has been designed by the following:

ENGINEER
Tom Graboski Associates Design
4649 Ponce de Leon Blvd, Suite 401
Coral Gables, FL 33146
305.669.2550

who is hereinafter called "ENGINEER" and who will assume all duties and responsibilities and will have the rights and authority assigned to ENGINEER in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

Article 3. CONTRACT TIME.

3.1 This Contract shall be effective upon execution by both parties and shall continue for a term of 150 days. At its sole discretion, the OWNER shall have an option to renew this Contract upon the same terms and conditions (the "Option"). This Option may be exercised at the sole discretion of the Village Manager. Such extension shall be effective upon receipt of a written notice from the Village Manager to the CONTRACTOR received no later than 30 days prior to the date of termination.

3.2 The CONTRACTOR shall initiate work on the Project upon execution of this Agreement. The work shall be substantially complete within 120 calendar days after execution of this agreement, and completed and ready for final payment within 150 calendar days after execution.

of this document. Final completion includes all work and project documentation, including structural and fountain work, landscaping, and median restoration, as-built drawings, project warranties, etc. Failure to provide any of these items will be subject to liquidated damages.

3.3. Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence of this Contract and that OWNER will suffer financial loss and other damages if the Work is not substantially or finally complete within the time specified in paragraph 3.2 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the expense and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not substantially or finally complete on time. CONTRACTOR acknowledges and agrees that the actual delay damages which OWNER will suffer in the event of delay in achieving Substantial Completion or Final Completion of the Work are difficult, if not impossible, to determine and that the liquidated damages described herein are a fair and reasonable estimate of the delay damages which the OWNER is expected to suffer in the event of such delay. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree, that as liquidated damages for delay (but not as a penalty), CONTRACTOR shall pay OWNER Five Hundred dollars (\$500,000) for each day that expires after the time specified in Paragraph 3.2 for completion. Liquidated damages shall be deducted from the CONTRACTOR'S Final Application for Payment. However, if at the time of the CONTRACTOR'S Final Application for Payment, CONTRACTOR is owed insufficient amounts to fully cover the deduction for liquidated damages, then CONTRACTOR shall pay any amount due within 10 days of written demand by OWNER.

Article 4. CONTRACT PRICE.

4.1 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents and the Schedule of Values. For all Unit Price Work, an amount equal to the sum of the established Unit Price for each separately identified item in the Bid Form, times the actual accepted quantity of that item will be paid for each separate work authorization. The maximum contract amount of the contract is as follows:

Contract Price: \$ _____

Contract Price (in words): _____

Article 5. PAYMENT PROCEDURES.

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

5.1. Progress Payments. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment as recommended by ENGINEER, on or before the 28th day of each month during construction as provided below. The Application for Payment shall be in AIA format. All progress payments will be on the basis of the progress of the Work measured by the Schedule of Values provided in paragraph 14.01 of the General Conditions and the requirements of the Contract Documents.

5.1.1 Prior to Substantial Completion, progress payments will be in an amount equal to 90% of the Work completed and 90% of materials and equipment not incorporated in the Work but delivered and suitably stored, less in each case the aggregate of payments previously made.

5.1.2 Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Contract Price, less such amounts as ENGINEER shall determine in accordance with paragraph 14.02.B.5 of the General Conditions.

5.2. Final Payment. Upon Final Completion and acceptance of the Work in accordance with paragraph 14.07.B1 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.B.1.

Article 6. INTEREST. Not Applicable

Article 7. CONTRACTOR'S REPRESENTATIONS.

In order to induce OWNER to enter into the Contract, CONTRACTOR makes the following representations:

- 7.1. CONTRACTOR has thoroughly and to its full satisfaction familiarized himself with the nature and extent of the Contract Documents, Work, locality, and with all local conditions and federal state and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work. CONTRACTOR has: (a) examined the Contract Documents, Project Specifications and Drawings thoroughly to its full satisfaction and has undertaken the responsibility to determine, within the scope of CONTRACTOR's competence as a licensed General Contractor, that the Project Specifications and Drawings are fit and proper for the performance of the Work and to the best of CONTRACTOR's knowledge are: (i) free from material errors, omissions, and/or inconsistencies; and (ii) are in compliance with applicable laws, statutes, building codes, ordinances, rules and regulations, recognizing however, that CONTRACTOR is not responsible for the design of the Project; (b) visited the site to familiarize himself with local conditions that may in any manner affect cost, progress or performance of the Work; (c) examined the Project Site to its full satisfaction, including any existing work or improvements in place, and has determined that the same are fit and proper to receive the Work in their present condition and CONTRACTOR waives all claims that same are not in accordance with all data and information with respect to the Project as specified in the Drawings and Project Specifications and/or as provided by OWNER and Engineer; (d) familiarized himself with federal, state and local laws, ordinances, rules, policies, and regulations that may in any manner affect cost, progress or performance of the Work; (e) studied and carefully correlated CONTRACTOR's observations with the Contract Documents; and (f) at CONTRACTOR's own expense, made or obtained any additional examinations, investigations, explorations, tests and studies, and obtained any additional information and data which pertain to the physical conditions (surface, sub-surface and underground facilities) at or contiguous to the Project or otherwise which may affect cost, progress, performance or furnishing of the Work and which CONTRACTOR deems necessary to determine its Contract Price for performing and furnishing the Work in accordance with the time, price and other terms and conditions of the Contract Documents.
- 7.2. CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Drawings and Specifications and which have been identified in the Supplementary Conditions.
- 7.3. CONTRACTOR has made or caused to be made examinations, investigations and tests and studies of such reports and related data in addition to those referred to in paragraph 7.2 as he deems necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with the other terms and conditions of the Contract Documents; and no additional examinations, investigations, tests, reports or similar data are or will be required by CONTRACTOR for such purposes.
- 7.4. CONTRACTOR has correlated and considered the results of all such observations, examinations, investigations, tests, reports and data with the terms and conditions of the Contract Documents and in reaching the Contract Price and Contract Time.
- 7.5. CONTRACTOR has given ENGINEER written notice of all conflicts, errors or discrepancies that he has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR. CONTRACTOR shall not rely on any conflicts, errors or discrepancies that CONTRACTOR knew or should have known exist in the Contract Documents as a basis for a claim for an extra to the Contract Price or Contract Time.
