Since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.

CONTRACT

This agreement made and entered into this 24th day of June in the year 2005, by and between MIAMI-DADE COUNTY, FLORIDA, a political subdivision of the State of Florida, acting by and through the BOARD OF COUNTY COMMISSIONERS, party of the first part, and H & R Paving, Inc. - 1935 N.W. 110th Avenue - Miami, Florida 33172, party of the second part.

WITNESSETH: That the parties hereto, for the consideration herein set forth mutually agree as follows:

Article 1. SCOPE OF WORK: The Contractor shall furnish all plant, labor, materials, and equipment and perform all the necessary work in the manner and form provided in the Contract Documents entitled: People's Transportation Plan (PTP) Resurfacing - Project Number: 20040506

Article 2. CONTRACT SUM: The County shall pay to the Contractor, for the faithful performance of the Contract, in lawful money of the United States of America, and subject to the additions and deductions as provided in the Contract Documents, a total sum as follows:

Based on the Contract prices shown in the Proposal heretofore submitted to the County, a copy of said Proposal being a part of the Contract Documents, the aggregate amount of this Contract (obtained from either the lump sum price, the application of unit prices to the quantities shown in the Proposal or the combination of both) not to exceed:

Two Million Dollars And No Cents (\$2,000,000.00)

Article 3. PAYMENTS: Whenever the work provided for in an individual work order has been completed in accordance with the requirements of these specifications and final acceptance has been made by the Engineer, an estimate for the full value (less 10% retainage) of the work performed for the work order will be submitted by the Contractor to the County requesting payment on its company letterhead. The request for payment shall be a copy of the Contract Bid Forms indicating those quantities or Lump Sum items utilized corresponding to the submitted monthly requisition. The Engineer will then take the necessary measurements and computations for verification. Within twenty (20) days thereafter, payment for the full amount (less 10% retainage) thus determined shall be paid to the Contractor.

Upon completion of an entire work order involved in this Contract, including all required restoration, and upon acceptance thereof in writing by the Engineer and by the County, the balance due the Contractor for the entire work order shall be paid.

Since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either 1) the Citizens' Independent Transportation Trust (CITT) has approved same, or 1i) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.

CONTRACT

If during the progress of the work it appears that the Contractor's bills for materials and labor are not being paid, the County shall have the right to withhold

from the Contractor's payment sufficient sums to protect itself against all losses from possible liens, and to apply the said sums to the payment of such debts.

Upon request of the Engineer, the Contractor shall present to the County Finance Director satisfactory evidence that all liens, claims and demands of both the prime contractor as well as his subcontractors employed in the construction of the work are fully satisfied, and that the project is fully released from all such liens, claims, and demands. In the event the prime contractor is unwilling to provide a release from all liens, claims and demands, 30 calendar days after the completion and acceptance of the work will be the maximum period provided for the submittal of all claims. Miami-Dade County does not by this provision assume any responsibility or liability to any person other than the prime Contractor.

No payments, either partial or final, are to be made for any material which is to be used for falsework or plant, but payment is to be made only for materials which are left permanently in the finished work and form a part of it. The Engineer may, at his discretion, allow temporary partial payments for plant and falsework, but the Contractor shall have no right to demand such compensation. The schedule prices to be employed in marking partial payments shall be determined by the Engineer. The prices for the estimates of the work done will be based on the prices shown in the Proposal and the Bid, and payment will be made thereon as herein provided.

Article 4. EXTRA WORK OR UNCLASSIFIED WORK: Quantities of work or materials in excess of those named in the Proposal and Bid, and of the same kind, are not to be considered as extra work, and such excess when ordered by the Engineer, will be paid for at Contract rates as specified in the Proposal. Aside from work thus included in the schedule, no claims whatever for extra work will be considered or paid, except only when ordered in writing by the Engineer at a price stated in the order. The Engineer's authority to order extra work is expressly limited to One Thousand Dollars (\$1,000.00) on this Contract, unless specifically authorized in writing by the County Commissioners to exceed this amount.

Article 5. AUDIT RIGHTS: The County retains the right to audit all work performed on a force-account basis, and also to audit the work performed under lump sum change orders, such rights being retained for a period of one year after acceptance of the work by the County, provided however, that said audit rights shall not apply to lump sum changes after payment has been made by the county for said changes.

Article 6. CONTRACT DOCUMENTS: The Documents hereinafter listed shall form the Contract and they are as fully a part of the Contract as if attached hereto:

Since proceeds from the Charter County Transit System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the following have occurred: 1) the County Commission awards the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto); and 2) either i) the Citizens' Independent Transportation Trust (CITT) has approved same, or ii) in response to the CITT's disapproval, the County Commission re-affirms its award by two-thirds (2/3) vote of the Commission's membership and such reaffirmation becomes final.
