

The Village of Palmetto Bay in partnership with Deering Estate brings you Nature Programs

The Living Classroom-Sea Turtles

In a village of parks, giving to back to our earth is powerful for our youth. Fostering excitement, scientific understanding and stewardship of our native habitats, coastlines and bay resources, these programs bring ecology and culture to life through our community's living laboratory – our Parks – which include waterways, hardwood hammocks, mangrove forests, geologic features, and bay access, all providing wonderful outdoor classroom settings for hands-on learning .

Saturday, June 18 2016

Time: 10am-11:30am

Thalatta Estate Park

17301 Old Cutler Road

Fee: \$10/person; Ages 5 and up

Register online at www.palmettobay-fl.gov

Florida waters are a huge tourist attraction for visitors from all around the world as well as a crucial piece to the life cycle for 5 of the 7 species of sea turtles in the world. Join a Deering Estate naturalist and learn about the wonders and hardships of the marine turtle world during this Living Classroom – Nature Program. This class will cover everything from their life cycle to human threats and includes an activity after a short power point presentation.

*** Minimum of 20 participants required.**

The Living Classroom-Butterflies

Sunday, July 16 2016

Time: 10am-11:30am

Thalatta Estate Park

17301 Old Cutler Road

Fee: \$10 person ; Ages 5 and up

Register online at www.palmettobay-fl.gov

South Florida is a renowned for its specialty species. From the Mangrove Cuckoo to the Small-tooth Sawfish, Florida offers wildlife seen nowhere else in the United States. Come out and join a Deering Estate Naturalist to learn about the butterflies of the area and what you can do to help them. A short presentation will cover the life cycle from egg to adult and a beginner's identification class will follow.

*** Minimum of 20 participants required.**
