

# Reducing the Panther's Footprint

Perrine Elementary School

October 13, 2009

*Mayor Eugene Flinn and members of the Palmetto Bay Council attended the kick-off of a program at Perrine Elementary School called "Reducing the Panther's Footprint," Oct. 13. The event provided an opportunity for school administrators to acknowledge contributions made at every grade level to raise awareness of environmental concerns and to educate students on ways to reduce our carbon footprint on the world.*
