

# In the Spirit of Community Partnership, Palmetto Bay Recognizes St. Richard's

Village Council Meeting

February 2, 2009

*For its sense of community spirit and continued support of Palmetto Bay's Annual Celebration Picnic, Father Stephen Hilley (right) is officially recognized by Mayor Eugene Flinn at the February Village Council meeting. The church again has offered to provide parking at its SW 152 St. lot for this year's big event at Coral Reef Park, March 7.*

*"Palmetto Bay has everything that makes us a community," said Mayor Eugene Flinn as he awarded Father Hilley a certificate of appreciation. "We have fine schools, great people, and wonderful churches -- all which work together to make our community an enviable place to live... St. Richard's stands out by serving the community in very subtle ways." The church also offers its location for elections and other civic events.*
