

Miami-Dade Water & Sewer Department

Palmetto Bay Water & Sewer Improvement Project

Dec. 19, 2008

The Palmetto Bay Water & Sewer Project continues, as a new generator building is emerging in the Franjo Triangle. This project is key to development of "downtown" Palmetto Bay. A revised fact sheet, showing that construction of sub-basin B will start in June 2009 and finish in May 2011, is available from the Village website.
