Re: Recommendation for Park
Master Plan Revisions to
Coral Reef Park

A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, RELATING TO THE PARKS AND RECREATION PARKS MASTER PLAN; HOLDING A PUBLIC HEARING TO AUTHORIZE REVISIONS TO THE CORAL REEF PARK MASTER PLAN TO INCLUDE 1) TWO NEW BATTING CAGES TO REPLACE EXISTING; 2) REPLACEMENT OF THE TENNIS CENTER SPORTS LIGHTING SYSTEM AND 3) BENCHED SITTING AREAS WITH SHADE CANOPIES WITHIN TENNIS CENTER; ADDITIONALLY, APPROVING THE APPLICATION OF THE VILLAGE OF PALMETTO BAY REQUESTING ZONING APPROVAL PURSUANT TO SECTION 30-50.21 TO ALLOW FOR PUBLIC FACILITY PUBLIC USE AT THE PROPERTY KNOWN CORAL REEF PARK, 7895 SW 152 STREET; AND PROVIDING AN EFFECTIVE DATE.

BACKGROUND:

In an effort to provide our residents with an attractive, functional and usable park system, the Village continues to seek implementation of desired recreational amenities sought by our community. In particular, the members of our community that regularly enjoy Coral Reef Park requested the Village replace our existing antiquated and unsafe batting cages, install a new sports lighting system to properly illuminate the tennis courts, and to provide for benched seating areas with shade canopies within the tennis center area. These desired items were approved for funding in the FY 2012-2013 Village Capital Improvements Budget. Before this capital improvement project can be implemented the Council must first amend its Master Parks Plan and then, second, adopt an amended site plan for Coral Reef Park. Pursuant to Resolution #09-10, updates/amendments to the Parks Master Plan require a four-fifths vote.

Section 30-50.21 of the Land Development Code, provides a procedure for the Village Council to authorize on its own lands: public parks, playgrounds, buildings, and other

ancillary structures and uses. In light of the funded amenities scheduled to be added to Coral Reef Park's site plan, particularly as it pertains to the installation of the sports lighting system for the tennis court, an amended site plan is presented for the Council's consideration. Staff is requesting approval of the site plan as a governmental use in substantial compliance with the attached Exhibit 1. Approval of the site plan requires a minimum three-fifths vote.

ANALYSIS

The following is a review of the site plan request pursuant to Section 30-50.21(a)(2) of the Village's Code of Ordinances. The Background Section of this report is hereby incorporated into this analysis and its corresponding criteria by reference. In adopting/amending a government facility site plan, the Council should take into consideration the type of function involved, the public need therefore, the existing land use pattern in the area, alternative locations for the facility, and the nature of the impact of the facility to the surrounding properties.

The site plan amendment reflects a modest modification to this existing multi-purpose park facility. The proposal poses no additional impact on the surrounding community as it seeks to merely upgrade existing amenities. The requested improvements will be installed in the same areas as the existing amenities and the advanced tennis center lighting system will provide greater control over court illumination and minimize light spillage. The new shaded seating feature will be incorporated within the existing tennis recreation area. As such, the request appears to satisfy the considerations delineated under Section 30-50.21(a)(2).

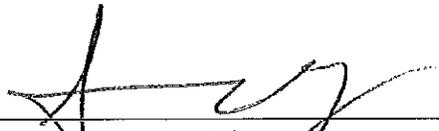

FISCAL/BUDGETARY IMPACT

Estimated Capital Improvement Funds required for the procurement and installation of 1) two new outdoor batting cages to replace existing, 2) replacement of the sports lighting system at the tennis center, and 3) benched sitting areas with shade canopies within the tennis center have been allocated as a part the FY2012-2013 annual budget.

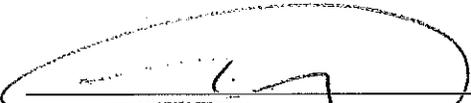

RECOMMENDATION:

In the adoption of the site plan, the plan may be implemented substantially in accordance with that submitted for the hearing, and as attached hereto. Except as may be specified by any zoning resolution applicable to the subject property, any future additions on the property which conform to zoning code requirements will not require further public hearing action.

RESPONSIBILITIES OF THE APPLICANT AFFIDAVIT

I AM AWARE THAT:

1. The Public Works Department, the Department of Environmental Resources Management (DERM), and other County agencies review and critique zoning hearing applications which may affect the scheduling and outcome of my hearing. These reviews may require additional hearings before DERM's Environmental Quality Control Board (EQCB), or other County boards, and/or the proffering of agreements to be recorded. I am also aware that I must comply promptly with any DERM or Public Works conditions and advise this office in writing if my application will be withdrawn.
2. Filing fees may not be the total cost of a hearing. Some requests require notices to be mailed to property owners up to a mile from the subject property and I am responsible for paying the additional radius mailing costs. In addition to mailing costs, I am responsible for additional fees related to application changes, plan revisions, deferrals, re-advertising, etc., that may be incurred. I understand that fees must be paid promptly. Applications withdrawn within 60 days of the filing are eligible for a refund of 50% of the hearing fee but after that time hearings withdrawn or returned will be ineligible for a refund. Refunds must be requested in writing.
3. The Florida Building code requirements may affect my ability to obtain a building permit even if my zoning application is approved; and a building permit will probably be required. I am responsible for obtaining any required permits and inspections for all structures and additions proposed, or built without permits. And that a Certificate of Use (C.U.) must be obtained for the use of the property after it has been approved at Zoning Hearing. Failure to obtain the required permits and/or C.U., Certificates of Completion (C.C.) or Certificate of Occupancy (C.O.) will result in enforcement action against any occupant and owner. Submittal of the Zoning Hearing application may not forestall enforcement action against the property.
4. The 3rd District Court of Appeal has ruled that zoning applications inconsistent with the Comprehensive Plan (CP) cannot be approved by a zoning board based upon considerations of fundamental fairness. Therefore, I acknowledge that if the hearing request is inconsistent with the CP and I decide to go forward then my hearing request can only be denied or deferred, but not approved.
5. Any covenant to be proffered must be submitted to the Village Attorney, on County form, at least 1 month prior to the hearing date. The covenant will be reviewed and the applicant will be notified if changes or corrections are necessary. Once the covenant is acceptable, the applicant is responsible to submit the executed covenant with a current 'Opinion of Title' within 1 week of the hearing. Village Attorney can advise as to additional requirements applicable to foreign corporations. Documents submitted to the Village Attorney must carry a cover letter indicating subject matter, application number and hearing date. Village Attorney may be reached at (305) 874-5853.

Re: Recommendation for Park
Master Plan Revisions to
Palmetto Bay Park

A RESOLUTION OF THE MAYOR AND VILLAGE COUNCIL OF THE VILLAGE OF PALMETTO BAY, FLORIDA, RELATING TO THE PARKS AND RECREATION PARKS MASTER PLAN; HOLDING A PUBLIC HEARING TO AUTHORIZE REVISIONS TO THE PALMETTO BAY PARK MASTER PLAN TO INCLUDE 1) TWO ADDITIONAL BATTING CAGES; 2) PAVILION WITHIN PLAYGROUND AREA AND 3) CONVERSION OF THE EXISTING SKATE PARK TO TWO MINI SOCCER FIELDS WITH ARTIFICIAL TURF; ADDITIONALLY, APPROVING THE APPLICATION OF THE VILLAGE OF PALMETTO BAY REQUESTING ZONING APPROVAL PURSUANT TO SECTION 30-50.21 TO ALLOW FOR PUBLIC FACILITY PUBLIC USE AT THE PROPERTY KNOWN AS PALMETTO BAY PARK, 17535 SW 95 AVENUE; AND PROVIDING AN EFFECTIVE DATE.

BACKGROUND:

In an effort to provide our residents with an attractive, functional and usable park system, the Village continues to seek implementation of desired recreational amenities sought by our community. In particular, the members of our community that regularly enjoy Palmetto Bay Park requested the Village add two (2) new batting cages, install a pavilion within the playground area, and convert the existing skate park into two mini soccer fields with artificial turf. These desired items were approved for funding in the FY 2012-2013 Village Capital Improvements Budget. Before this capital improvement project can be implemented the Council must first amend its Master Parks Plan and then, second, adopt an amended site plan for Palmetto Bay Park. Pursuant to Resolution #09-10, updates/amendments to the Parks Master Plan require a four-fifths vote.

Section 30-50.21 of the Land Development Code, provides a procedure for the Village Council to authorize on its own lands: public parks, playgrounds, buildings, and other ancillary structures and uses. In light of the funded amenities scheduled to be added to

Palmetto Bay Park's site plan, an amended site plan is presented for the Council's consideration. Staff is requesting approval of the site plan as a governmental use in substantial compliance with the attached exhibit 1. Approval of the site plan requires a minimum three-fifths vote.

ANALYSIS

The following is a review of the site plan request pursuant to Section 30-50.21(a)(2) of the Village's Code of Ordinances. The Background Section of this report is hereby incorporated into this analysis and its corresponding criteria by reference. In adopting/amending a government facility site plan, the Council should take into consideration the type of function involved, the public need therefore, the existing land use pattern in the area, alternative locations for the facility, and the nature of the impact of the facility to the surrounding properties.

The site plan amendment reflects a modest modification to this existing multi-purpose park facility. The proposal poses no additional impact on the surrounding community as it seeks to merely upgrade existing amenities and convert the skate park into two (2) mini soccer fields. The requested improvements will be installed in the same areas as the existing amenities. The new mini soccer fields will replace the existing skate park area. As such, the request appears to satisfy the considerations delineated under Section 30-50.21(a)(2).

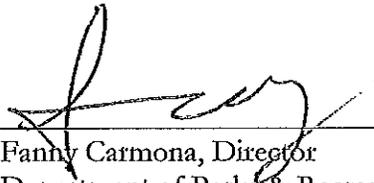

FISCAL/BUDGETARY IMPACT

Estimated Capital Improvement Funds required for the procurement and installation of 1) two new outdoor batting cages, 2) pavilion within the playground area, and 3) conversion the skate park into two (2) mini soccer fields with artificial turf, have been allocated as a part the FY2012-2013 annual budget.

RECOMMENDATION:

In the adoption of the site plan, the plan may be implemented substantially in accordance with that submitted for the hearing, and as attached hereto. Except as may be specified by any zoning resolution applicable to the subject property, any future additions on the property which conform to zoning code requirements will not require further public hearing action.

RESPONSIBILITIES OF THE APPLICANT AFFIDAVIT

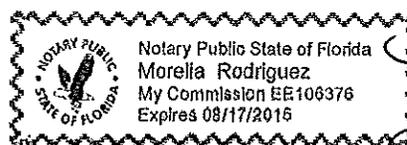

I AM AWARE THAT:

1. The Public Works Department, the Department of Environmental Resources Management (DERM), and other County agencies review and critique zoning hearing applications which may affect the scheduling and outcome of my hearing. These reviews may require additional hearings before DERM's Environmental Quality Control Board (EQCB), or other County boards, and/or the proffering of agreements to be recorded. I am also aware that I must comply promptly with any DERM or Public Works conditions and advise this office in writing if my application will be withdrawn.
2. Filing fees may not be the total cost of a hearing. Some requests require notices to be mailed to property owners up to a mile from the subject property and I am responsible for paying the additional radius mailing costs. In addition to mailing costs, I am responsible for additional fees related to application changes, plan revisions, deferrals, re-advertising, etc., that may be incurred. I understand that fees must be paid promptly. Applications withdrawn within 60 days of the filing are eligible for a refund of 50% of the hearing fee but after that time hearings withdrawn or returned will be ineligible for a refund. Refunds must be requested in writing.
3. The Florida Building code requirements may affect my ability to obtain a building permit even if my zoning application is approved; and a building permit will probably be required. I am responsible for obtaining any required permits and inspections for all structures and additions proposed, or built without permits. And that a Certificate of Use (C.U.) must be obtained for the use of the property after it has been approved at Zoning Hearing. Failure to obtain the required permits and/or C.U., Certificates of Completion (C.C.) or Certificate of Occupancy (C.O.) will result in enforcement action against any occupant and owner. Submittal of the Zoning Hearing application may not forestall enforcement action against the property.
4. The 3rd District Court of Appeal has ruled that zoning applications inconsistent with the Comprehensive Plan (CP) cannot be approved by a zoning board based upon considerations of fundamental fairness. Therefore, I acknowledge that if the hearing request is inconsistent with the CP and I decide to go forward then my hearing request can only be denied or deferred, but not approved.
5. Any covenant to be proffered must be submitted to the Village Attorney, on County form, at least 1 month prior to the hearing date. The covenant will be reviewed and the applicant will be notified if changes or corrections are necessary. Once the covenant is acceptable, the applicant is responsible to submit the executed covenant with a current 'Opinion of Title' within 1 week of the hearing. Village Attorney can advise as to additional requirements applicable to foreign corporations. Documents submitted to the Village Attorney must carry a cover letter indicating subject matter, application number and hearing date. Village Attorney may be reached at (305) 834-5353.
