

10 Ways to Promote Sustainability at Home

Here are 10 simple things you can do

- 1. Save energy-insulate, weatherize and use compact fluorescent light-bulbs**
- 2. Buying a car? Choose the cleanest conventionally fueled vehicles or go hybrid**
- 3. Plant native Florida plants in your property**
- 4. clean and maintain your home with less-toxic products**
- 5. Control pest the natural way and use less pesticides**
- 6. Recycle, compost and keep household hazardous waste (HHW) out of the trash**
- 7. Buy energy and water efficient appliances**
- 8. Eat more organic produce, shop your local farmer market**
- 9. Walk, bike or use public transit (IBUS)**
- 10. Use rechargeable batteries in portable electronic devises**

A Sustainable Palmetto Bay utilizes the power of the community to conserve and enhance our local resources, safeguard human health and the environment, maintain a vibrant and diverse economy, and improve the livability and quality of life for all constituents of Palmetto Bay.
