

Village of Palmetto Bay

DON'T MISS THE UPCOMING COMMUNITY MEETINGS

ABOUT OUR STRATEGIC PLAN

A Strategic Plan is a document used to communicate with the organization the organizational goals, the actions needed to achieve those goals, and all the other critical elements identified during the planning process.

The Village of Palmetto Bay recently hired Novak Consulting Group to complete a Strategic Plan for the Village. The consultant has met with members of the Village Council and Village staff to identify the organizational values of the Village, as an or-

ganization. The consultant also developed a community survey to gather information from Village residents and assess how residents experience living, working, learning, and playing in Palmetto Bay. A total of 316 unique responses were received during this period, which form the basis of the Key Focus Areas identified by the consultant that are of significance to the Palmetto Bay community.

WE NOW NEED YOUR INPUT on the Key Focus Areas (listed on back

cover) that have been identified pursuant to the community survey at one of three public meetings scheduled in March.

ON THE BACK COVER:

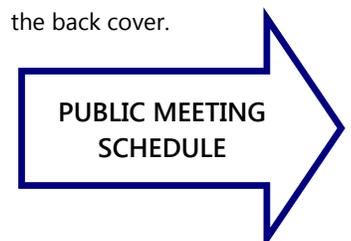

- ◇ Key Focus Areas
- ◇ Public Meeting Schedule

WHAT ARE THE PUBLIC MEETINGS ALL ABOUT?

The public meetings are structured to be hands-on workshops. Residents may come and go at any point during the 2-hour span and give their feedback and thoughts. Therefore, you do not have to be there at the meeting starting time, and conversely, do not

have to stay until the end. The consultant will document the information on large paper pads that will be displayed on easels. Tables and a few chairs will be provided, but the idea is to have residents walk around, discuss their ideas and give their honest input and assess-

ments. **So, even if you just have a few minutes, please stop by.** You have three opportunities to participate. See the Public Meeting Schedule on the back cover.

KEY FOCUS AREAS

- ⇒ Transparent and Efficient Government
- ⇒ Engaged and Informed Residents
- ⇒ Sustainable Revenue Options (Or Fiscally Sustainable)
- ⇒ Responsive Land Use Planning and Zoning
- ⇒ Transportation Options
- ⇒ Beautifully Maintained Parks and Amenities
- ⇒ A Safe Community
- ⇒ Environmental Stewardship and Sustainability; and
- ⇒ Opportunities for Lifelong Learning

PUBLIC MEETING SCHEDULE

(attend just one– give us a few minutes if you don't have more time)

**residents may come by at any time after start time*
