Miami, FL 33146**

Project Title: Furnish and Install Nominal 6-Inch Force Main from Existing Sewer PS 746 to Intersection of SW 156 Str. and US1.

WASD Contract No. RPQ # T2090

Contractor: V-Engineering & Consulting Corp.

Notice to Proceed: August 29, 2016

Completion Date: March 27, 2017

Scope of Work:

The project consists of furnishing and installing approximately 8,975 LF of 6-inch ductile iron pipe and fittings for a sewer force main from Pump Station 746 to the intersection of SW 156 St and US1, Section 27, Township 55, Range 40, within the Village of Palmetto Bay. The project also includes cutting, plugging and abandoning existing sewer force main pipes, furnishing and installing plug valves; making connections to existing force mains; making connections to Pump Station No. 719; constructing automatic air release valve assemblies; cleaning and testing the mains; removal and disposal of unsuitable fill material; furnishing and installing suitable backfill material; furnish traffic control, installing and removing sheeting and shoring to prevent excessive ditch width if so ordered by the Engineer; temporary and permanent pavement repairs; and all other appurtenant and miscellaneous items and work for a complete and fully functional installation.

**Project Status Report for the period October 21, 2016- October
27, 2016.**

From October 21, 2016 to October 27, 2016, the contractor continues with the installation of 6" DI pipe at SW on SW 163rd Street from SW 84 Avenue to SW 80 Avenue. Also, the contractor worked on the asphalt restoration from SW 84 Avenue to SW 83th Avenue on SW 163 Street. On this period of time, the contractor installed 1,300 LF of 6" DI pipe along SW 163 Street. WASD was able to resolve some complaint on SW 163rd Street.

**Oncoming Work for the period October 21, 2016 – November 4,
2016.**

The contractor will continue with the installation of the 6" DI pipe, on SW 90 Avenue form SW 160 Street to SW 156 Street. Contractor will continue with asphalt restoration on SW 156 Street. On Friday, November 4, 2016, the contractor will perform exploratory digging in front of Southwood Middle School.
