Madam Clerk,

Yesterday I unexpectedly received from the village, information of a potential un-numbered ordinance proposing changing the FLUM including the FAC designation.

On an un-numbered page of "attachment A", it states... "Industrial uses and those uses which are determined to be detrimental to the goals of the **FAC Master Plan** are prohibited."

I tried to search the village web site for the "FAC Master Plan", both as a "words search" and got no results, and trying to use the link provided from... "Maps", "Village Maps"/ "Quick Reference-Village Maps"/ [Future Land Use Map \(Planning and Zoning Division\) \(PDF\)](#)

... only to get the following message...

"We're sorry, but there is not a web page matching your entry."

Where can I find the "FAC Master Plan" referenced that my properties and others are being "re-zoned by"?

Your help with this identification matter would be appreciated.

Thank you,
Steve Kreisher
